# Top ten

## new garden gadgets

ANYTHING THAT MAKES A GARDENER'S LIFE EASIER OR ENHANCES THEIR PLOT IS WELCOME, SO THESE NEW PRODUCTS HAD TO BE SMARTER AND BETTER THAN ANYTHING CURRENTLY AVAILABLE TO WIN ANGELA YOUNGMAN'S APPROVAL

## No more scrubbing

“Cleaning algae, mould, moss and lichens from paving and fencing is easy with Liquid Technology’s Green Clean – just spray on and leave. Within 48 hours the surface is clear and any residue left can be wiped away. Treated surfaces remain clear for up to a year, though extra treatments might be needed if the area is very shady or damp. Organic and environmentally friendly, it will not harm wildlife.”
